Dear Sir/Madam

**Consultation on Community Safety Priorities 2010**

The Community Safety Partnership has recently undertaken a review of Community Safety and its management including; levels of crime, disorder, drug and alcohol misuse within St Albans District. Following this review, we would like to consult widely on what our key priorities for 2010-2011 should be. This is your opportunity to let us know whether you think these priorities are correct and how you think we should deal with them.

I therefore have pleasure in attaching a short consultation document which I would be grateful if you could complete and return to Carol Almond, Community Support Officer by Friday, 5 March 2010. The Partnership will then consider your responses in formulating the new Community Safety Plan.

The results of this consultation will be published widely in the local media including the Council and Community Safety Partnerships Websites in early April 2010.

Yours sincerely
